TWO-YEAR-OLD CREATES A SENSATION BY  
MOVE OF THREE-EIGHTHS IN 35%.Other Horses Move Along in a Way Suggesting That  
They Will Be Fully Ready to Race with  
Opening of Kentucky Season.

Lexington, Ky., March 24.—The work watchers at the Kentucky Association track had a real sensation this morning when Southern League worked three-eighths (from the three-eighths post to the stand) in 35%, and pulled up a half mile in 49. Southern League is a two-year-old chestnut filly by Garry Hermann—Dixie Heart, by Peep o' Day, and is owned by Felix Payton, a colored saloon keeper of this city. She had up Jockey Meehan at 120 pounds. Her work was the most impressive seen here at this time of the year in many a day.

Captain Thomas J. Clay's Manfred (a son of Jack Atkin and Ellangowan), accompanied by the brother to Ethel D., worked a half in 39%.

Colonel McNabb, from the Gallaher stable, worked three-eighths in 37, and Little Sister, his stable companion, went a quarter in 24.

J. C. Stone, King Gorin and Hops, a trio of youngsters from Jack Baker's stable, worked a half in 33%.

Senator J. N. Camden's Ojala, accompanied by his Ben Brush—Nun's Cloth coat, worked a quarter in 23.

REAL PROSPECT FOR RACING IN FRANCE.

A few months back it was deemed certain that there would be no racing in France until after the conclusion of the war, but of late various considerations have come into attention, pointing to a revision of the racing situation. It now seems probable that there will be some racing over Paris tracks, but not to the extent of the complete re-establishment of the usual Parisian peace-time racing. A letter from Paris to London Sportsman of March 13, says:

"Such an important source of national prosperity as racing has naturally to be seriously considered in France, and the governor-general of Paris has signified his willingness to abandon any claims he may have to the race courses at Longchamp and Auteuil. The respective societies for flat and cross-country racing have resumed possession, and every effort is being made to fit them rapidly for the commencement of sport which has lain fallow since last July. M. A. du Bos, in the name of the Steeplechase Society, has resumed occupation of the track at Auteuil, where some thousand head of cattle had been parked in prevision of a siege of Paris. As at Longchamp, the strong barriers dividing the length from the racing track had yielded to the pressure of the cattle, irritated no doubt by the vagaries of the errant dogs who got on the course and harried them, and the beautiful turf so much admired by visitors has been so cut up and injured that the management will find considerable difficulty in completing the task in time to throw open the gates of our popular cross-country course next autumn. Longchamp will require perhaps the same amount of attention as Auteuil. The suburban tracks have suffered little in comparison with those in the Bois de Boulogne. The new meeting, projected to replace Saint-Ouen, at La Courneuve, has not been interfered with. Le Tremblay could be rendered available at a slight outlay. Little damage

## RECORD OF FAIR PLAY'S FIRST GOOD SON TO APPEAR IN RACING

When the incomparable Colin fell lame early in his three-year-old career and went into enforced retirement that proved to be permanent, it left a band of remarkably good three-year-olds to battle for the remaining honors of the year. Of these Fair Play, King James, Hessian, Master Robert, Firestone, Dorante, Priscillian and Angelus may be said to have been best, but such as Royal Tourist, Transvaal, Chapultepec, Peter Quince, King Cobalt, Alfred Noble, Big Chief, Spooner, Live Wire, Nimbus, Brother Jonathan, Question Mark, Beauparc and Sir John Johnson would have shown as bright stars of racing in years not so productive of three-year-olds of the highest class. When the year's racing was done the general verdict was that, bar Colin, Fair Play was the best three-year-old of 1908. He is now in the Nursery Stud and if he is presently found sending more scions like Stromboli to the races it will be voted that he is a worthy successor of his sire Hastings and quite competent to further carry on the Spendthrift line of Australian.

Stromboli's first appearance in racing was at Belmont Park, June 12, 1913, in a five and a half furlongs dash for maiden two-year-olds. Twelve started and Stromboli was at 50 to 1 in the betting, but at the finish he was only beaten a nose by Surprising in 1:05%, with Pan-American third. This was a capital beginning, so when he next appeared in a race it was as a 3 to 5 favorite. This was at the same track and distance, June 28, and, making short work of his five opponents, he won by six lengths in 1:07%, with Dunga second and Small third. July 10, at Belmont Park, he took another purse at the same distance in 1:08, in which he won in a canter from Hypatia, Golden Chimes and three more. Then he was taken to Saratoga, where, on August 2, he met his master in the Flash Stakes, at five and a half furlongs. This was the splendid and then practically invincible gelding, old Rosebud, which carried 124 pounds to his 112 and defeated him easily by two lengths in 1:07, but he comforted himself worthily and easily accounted for the others, Black Broom finishing third but ten lengths behind him, three others running unplaced. August 12 he started in a purse race at the same distance and was a 7 to 10 favorite, but it chanced that this race had been selected for the debut of the subsequent Futurity winner, Pennant, and, in a fast-run race, he won from Stromboli by two lengths in 1:05%, equaling the track record. Surprising was third and six others ran unplaced. August 19 he was beaten in another purse race at the same distance, Surprising winning from him by a neck in 1:06%, mainly because J. McTaggart outdied Little A. Ferguson at the finish. Sossus was third and two unplaced. This concluded his somewhat unprofitable Saratoga campaign and he was not started again until October 6, at Laurel. This was in a purse race at five and a half furlongs, as usual, and he had no trouble about winning in 1:07 from Addie M., Unful and two more. Four days later he won at the same distance in 1:06%, defeating the speedy Godelus, Valkyrie and four others. In the Annapolis Juvenile Stakes, run October 25, at three-quarters of a mile over a slow and muddy track, he did not run well in the going and finished third to Surprising and Godelus in 1:16%. In the Walden Stakes, at a mile, he ran third to Superintendent and Silent Pilot in 1:41%, with ten unplaced ones behind him. Then he wound up his racing as a two-year-old on November 11, when Charlestonian, carrying 112 pounds to his 124, defeated him by a nose at three-quarters of a mile in 1:14, with Undaunted third and five others unplaced.

Stromboli did not begin his good career as a three-year-old auspiciously. His first start last year was in the Harford Handicap, at Havre de Grace, April 18, a scramble of five and a half furlongs, in which thirteen started. He was off badly and Fathom won, with Robert Bradley second and Sherwood third in 1:07%. Better success attended his next venture, which was in a mile dash for a purse at Pimlico, May 18. This he won by six lengths in 1:41%, with Runway second and Spearhead third. That was his only victory for quite a while, his next success not coming until July 6, at the Aqueduct meeting. But in the meantime he had been racing well and had finished second in four out of six races. He was one of the unplaced ones in Buskin's Metropolitan Handicap, at Belmont Park, May 26, June 12, with 115 pounds to 102 on the fast four-year-old filly, Hester Pryane, he ran second to the latter at three-quarters in 1:13. At the same distance, June 16, Labore defeated him in 1:14% on a good, but not fast, track. Yankee Notions, Grover Hughes and Spring Board finishing behind him. June 20 he ran fourth to Roamer, Yankee Notions and Hester Pryane at the same distance in 1:13, Leochares, Trand and Helen Barbee being among the other unplaced ones. June 24 Yankee Notions beat him by a head at three-quarters in 1:12%, with Vandergrift third and Grover Hughes unplaced. Then in the Carlton Stakes, at a mile over the Aqueduct track, June 30, Luke McLuke beat him by a length in 1:28%, with Charlestonian third. Then he began to win and took three races before meeting another reverse.

July 6, carrying 111 pounds, he defeated Spring Board, Surprising and Ambrose at seven-eighths of a mile and, covering the distance in 1:25%, won easily by four lengths. This was at Aqueduct, August 3, at Saratoga, with 106 pounds up, he ran the same distance in 1:24% and defeated His Majesty, Adams Express, Sir John Johnson, Pandean and Always First, all being older horses. August 7, at Aqueduct, he won at three-quarters in such fast time as 1:11%, and beat Yankee Notions, Sir John Johnson, Spring Board, The Norman, Adams Express and Undercover. Next he was unplaced in the historic Travers Stakes, at a mile and a quarter, in which Roamer led all the way and, running the distance in 2:04, made a new track record. Surprising was second three-quarters of a length before Gainer and the latter a head before Stromboli. They came Stromboli's first victory in a stake race, an event long delayed for such a good horse. This was brought about in the twelfth running of the Saratoga Handicap, at a mile for three-year-olds, for which the starters and weights were Stromboli, 113 pounds; Punch Bowl, 114; Gainer, 119; Surprising, 118; Little Nephew, 124, and Superintendent, 108. Racing into the lead on the backstretch, Stromboli retained it easily and won by two lengths in 1:38%, with Punch Bowl second and Gainer third. Gainer was the favorite at 6 to 5 and Stromboli second choice at 16 to 5. Then he was taken to Syracuse and, giving away much weight in both cases, was beaten by Hester Pryne at three-quarters in 1:10% and by Figigny at seven-eighths in 1:25%. Then he was taken to Belmont Park to take part in the fall meeting at that track.

There, on September 17, in the Jerome Handicap, at a mile, he put a brilliant performance on record. He carried 117 pounds and the other starters and weights were Gainer, 109; Figigny, 108; Uncle Mun, 98; Surprising, 110; Holiday, 104, and Election Bet, 97. Taking the lead soon after the start, Stromboli ran the first quarter in 23%, half mile in 47%, three-quarters in 1:11% and the mile in 1:39%. This was a much better performance than Amali's mile in 1:39% over the pastboard track at Saratoga and a grand display of speed of the highest order. This fine achievement he supplemented with a triumph in the Manhattan Handicap, at seven-eighths of a mile, September 14. In this, with 122 pounds up, he won from Comely, 107; Frederick L., 115; Tarts, 112; Garbage, 99, and Figigny, 111, and, running the distance in 1:24, won the race by a head. Surprising was second three-quarters of a length before Gainer and the latter a head before Stromboli. They came Stromboli's first victory in a stake race, an event long delayed for such a good horse. This was brought about in the twelfth running of the Saratoga Handicap, at a mile for three-year-olds, for which the starters and weights were Stromboli, 113 pounds; Punch Bowl, 114; Gainer, 119; Surprising, 118; Little Nephew, 124, and Superintendent, 108. Racing into the lead on the backstretch, Stromboli retained it easily and won by two lengths in 1:38%, with Punch Bowl second and Gainer third. Gainer was the favorite at 6 to 5 and Stromboli second choice at 16 to 5. Then he was taken to Syracuse and, giving away much weight in both cases, was beaten by Hester Pryne at three-quarters in 1:10% and by Figigny at seven-eighths in 1:25%. Then he was taken to Belmont Park to take part in the fall meeting at that track.

## EUROPEAN WAR DEVELOPMENTS.

That a new and more powerful invasion of east Prussia by the Russians has begun or is threatening, is hinted in dispatches from both sides, although no definite announcement to this effect has been made either officially or unofficially. Word from Koenigsberg states that thousands of refugees are fleeing to that city. Following this comes a dispatch from London that the Germans in their retreat from before Ostrowie, the great Russian fortress of north Poland fifteen miles from the Russian frontier, abandoned two of their 42-centimeter guns, one of which is reported to have been destroyed by the fire of the fort. While Petrograd reported that the Germans were planning to lift the siege of Ostrowie, presumably in order to send reinforcements to the Caracow-Carpatian line imperiled by the fall of Przemsyl, there has been no direct claim that von Hindenburg's forces actually were retreating in the north. Following their success at Przemsyl, the Russian army released thereby seems to have been divided, one section moving westward to reinforce the troops attacking Caracow and the other driving south to aid in a new offensive in the Carpathian passes. The Austrian official statement says tremendous losses are being inflicted upon the enemy upon the latter front, but admits that, as reinforcements have been sent from Przemsyl, it is impossible to predict the result of the conflict. Russian attacks are being aimed simultaneously at Lubek and Luppok. Almost two million troops are concentrated by the opposing commanders along the 65-mile front in which the three passes are the gateway to Hungary. The Giornale d'Italia of Rome has received a dispatch from Athens saying that the British battleship Cornwallis has been disabled in the Dardanelles fighting, Berlin announces.

Rome hears that the formidable concentration of Austrian troops near the Italian frontier continues. Reinforcements to the number of 40,000, including several Bavarian regiments, have been sent to the province of Gorizia for the protection of Trieste. It is rumored that Austria is preparing to make peace with Russia by ceding Orthodox Ruthenian Galicia in exchange for a portion of Catholic Poland, or, if necessary, by still heavier sacrifices. It was announced at Rome that a royal decree will soon be signed, establishing rules governing the sojourn of foreigners in Italy. The purpose of this is to protect the country against spies. A movement is under way to substitute women for men in industrial occupations in the event of complete Italian mobilization. The men will receive their positions back when they are disbanded.

A statement was given out by the British official press bureau, telling of a defeat inflicted on a Turkish force operating against the Egyptian town of Suez. "On the 22d at dawn," it says, "one of our patrols discovered a party of the enemy near El Kubri post, opposite Suez. Aeroplane scouts estimated the number at about 1,000. The guns at El Kubri opened fire and the enemy retired eight miles east. Early this morning a force under Gen. Sir G. Youngblood attacked and routed the enemy who is now in full retreat. A prisoner says that Gen. von Traumer and three other German officers were with the Turks."

An official communication issued by the Russian war office says: "Our detachment which reconnoitered Memel has retired to Russian territory. On the left bank of the Niemen, in the region of Mariampol, we have repulsed a German attack. On the road from Kalvaria to Suwalki, near Pilwiski, our cavalry captured a German convoy with a quantity of provision wagons. In the Carpathians our troops continue to progress successfully on the front from the Dukla pass to the upper San river. Attacks by the enemy in the direction of Uzsok were repulsed."

A force of allied troops was landed on the Peninsula of Gallipoli Tuesday from transports in the Gulf of Saros, according to a dispatch from Athens. A general attack by land and water on the fortifications of the Dardanelles is to be undertaken immediately on the arrival of further French and British warships on their way to join the attacking squadron.

The following official communication was issued at Vienna: "Fighting in the Carpathians from Uzsok to Konieczna continues. During the last two days violent attacks by the Russians were repulsed and we captured 3,300 prisoners. In a fight for a height near Wyszok we succeeded in driving the enemy from his position and captured eight officers and 805 men."

Geneva says that the Italian government has ordered the seizure at Luino, near the Swiss frontier, of twenty-nine freight cars containing graphite, sulphur and other supplies said to have been destined for the Krupp gun works at Essen, Germany, and that an Italian agent at Luino was arrested on the charge of purchasing the materials.

A semi-official statement issued by the Russian general staff, says a Petrograd dispatch, declares that, contrary to expectations, no epidemic of disease was found among the defenders of Przemsyl. The number of soldiers seriously ill is said to be insignificant, although 20 per cent. of those in the garrison are suffering from scurvy.

An official announcement given out in Berlin is as follows: "German sea forces have assisted the land forces in the operations to the north of Memel, on the Baltic. They bombarded on Tuesday forenoon the village and castle of Polangen and kept under fire the road from Polangen to Libau."

The congress of representatives of the Russian nobility, holding its annual session in Petrograd, unanimously adopted the following resolution: "The vital interests of Russia require full possession of Constantinople and both shores of the Bosphorus and the Dardanelles and the adjacent islands."

Twenty-four thousand soldiers of the Przemsyl garrison were killed during the long siege there, according to dispatches received at the Russian war office. Twenty thousand more were wounded, making the total losses of the Austrian defenders 44,000 men.

"Seventeen Belgians, most of whom were young peasants, were shot in the Ghent barracks, after having been found guilty by a German court martial of espionage in the interests of the allies," says a dispatch from Amsterdam.

Bombardment of the Turkish fortifications in the Dardanelles was resumed Tuesday morning by an

allied fleet, according to an Athens dispatch. The warships were accompanied into the straits by a number of mine sweepers.

All British cruisers, not only in American waters, but in the Caribbean, Pacific and south Atlantic, have been ordered to refrain from taking supplies from neutral countries in order to avoid breaches of neutrality.

Two hundred thousand Russian troops and many batteries of new artillery were conveyed by the Cracow and Hungarian campaigns by the surrender of Przemsyl, it is stated on good authority.

For three days and nights a gigantic artillery engagement has been under way in the region of Verdun and St. Mihiel, particularly at Esparges, eastward from Verdun.

The Russian war office announced that one of the 42-centimeter 16.5-inch mortars brought up by the Germans to reinforce the assault had been destroyed by the Russian artillery.

A dispatch from Rotterdam says that 20,000 pounds of rubber has been found in tobacco packs which it was intended to export to Germany.

With its capture by the Russians, the Galician fortress of Przemsyl resumes its old Russian name, Pernysl.

Passengers and crew of the Mallory line steamer Denver were taken off by the Atlantic Transport liner Manhattan 1,300 miles from New York, where the Denver was found by the liner St. Louis, leaking badly and in apparent danger of going down, according to a wireless dispatch. The Denver, which was on its way to New York from Bremen, reported itself leaking and in distress in a wireless call at 2 o'clock Monday afternoon. Several steamers, including the St. Louis, Manhattan, Megantic, Corsican and the Vestris, picked up the call and hurried to the point indicated.

Official announcement of a large American credit to England is expected within a week. The initial grant will probably be \$100,000,000, but the full amount wanted by England and her allies is understood to be \$250,000,000. Details will be arranged until J. P. Morgan arrives in London toward the end of this week. Negotiations have been begun at New York by the French government for a substantial credit and \$50,000,000 may be decided upon. Details have not been settled.

Attorney General Gregory has instructed the United States district attorney of Porto Rico to institute libel proceedings against the German steamship Odenwald, which attempted Sunday to leave San Juan harbor without clearance papers. Under these proceedings the vessel may be held in the custody of a marshal pending settlement of the question whether it should be moved to the United States, under the recent joint resolution of congress prescribing penalties in such cases.

Revolutionary organizations throughout China are seizing the opportunity furnished by the negotiations with Japan to renew their activities for the overthrow of the government of Yuan-Shi-Kai. Their agitation is bringing thousands of names into their organizations. The revolutionists accuse President Yuan-Shi-Kai of plotting to surrender China's national rights and to make the Chinese "slaves" of the Japanese.

Naval officials are working out plans for the dispatch of a warship to Yucatan, Mexico, which will carry more than \$600,000 belonging to American manufacturers to help the local crop. The help is needed to make binding twine and if its movement were further retarded, manufacturers say, the safe harvest of the American wheat crop would be threatened. The money is now at Galveston awaiting shipment.

For the first time in the history of prize fighting in the western hemisphere, the prize-mutual betting machines will be used in connection with the Johnson-Willard match at Havana. Jack Curley has sold the betting privileges for a sum that will go a long way toward paying the expenses of the fight. Under no circumstances will the public be allowed to make its own odds.

The second appeal of Charles Becker, former police lieutenant of New York city, convicted of the murder of Herman Rosenthal, was argued in the Court of Appeals yesterday. On Becker's first conviction, the court reversed the trial court's decision and remanded the case for a new trial. Justice Samuel Seabury, who presided at Becker's second trial, will not participate in rendering the decision.

The Italians are fortifying the Dodekanese islands, formerly the Turkish Sporades, in the Aegean sea, with heavy caliber guns, and numerous steamers are said to be taking munitions there. The Dodekanese islands, better known as the islands of the White sea, lie off the southern part of the west coast of Asia Minor. The principal islands are Stampalia, Leros, Patmos, Nikaria and Kalymos.

The government of China has ordered \$240,000 worth of tin plates, a total of 70,000 boxes, to be rolled by the American Sheet and Tin Plate company at Pittsburgh. No statement as to the purpose of the order was made, but advisers said that China would place other orders there in the near future owing to the great difficulty of securing English or Welsh tin.

The Italian government is said to have denied a request made by Germany that a mission sent to Erythraea be permitted to continue its journey through that district into Abyssinia. Italy's refusal is reported to have been based upon the belief that the object of the mission was to incite an attack by Abyssinians upon British forces in the Sudan.
